HIGHLIGHTS OF MÁLAGA CITY

Málaga is the capital of the Costa del Sol.

Ranks fifth in number of inhabitants in Spain.

Located right in the South of the Iberian Peninsula, in a privileged location, with a metropolitan area of almost 1 million inhabitants

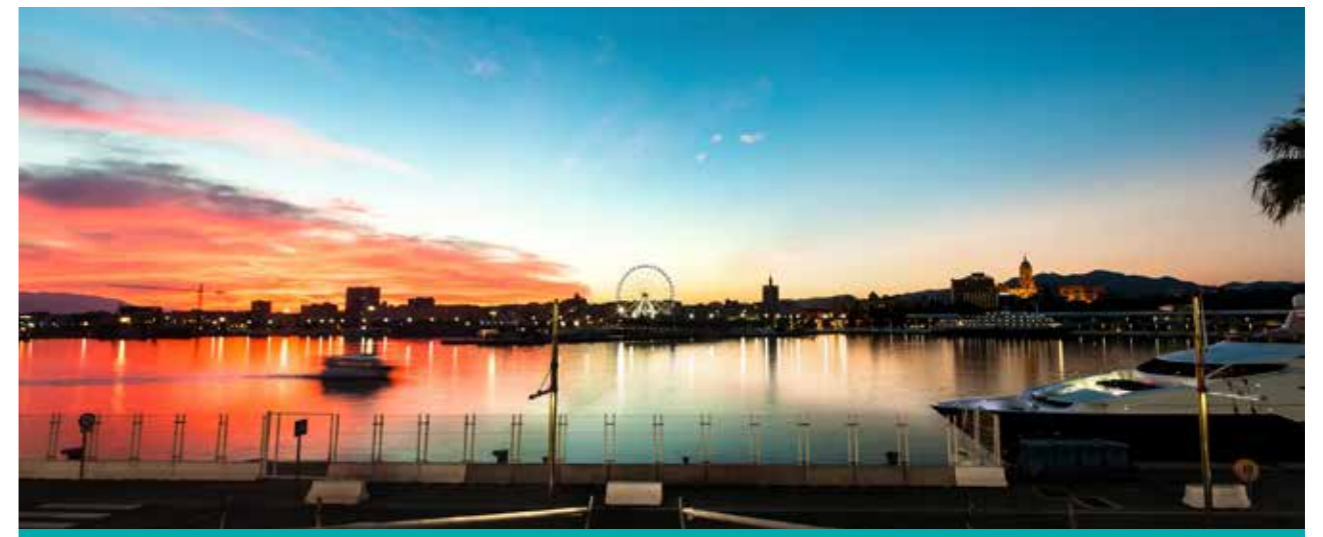

Mediterranean Sea and the Mountains of Málaga, make possible Málaga and its province, to enjoy a mild weather all year round. July and August are the warmest months, and December and January, the coldest. However, temperatures average in Winter vary between 22,8°C and a minimum of 13°C.

Málaga boasts a magnificent environmental heritage.

Historical heritage, makes Málaga a unique point of historical and cultural interest.

Málaga has the largest concentration of Museums of all Spain.

Weather, lifestyle of Southern Spaniards, environmental quality, natural Sun light over 298 days a year, modernity without losing identity and traditions, have made Málaga to be chosen as one of the best top 10 cities in the world to holiday or to live permanently.
